

## DOUBLE DROWNING AT GULL LAKE FRIDAY

### ALLISON GRANT, 20, RAYMOND GRANT, 15, SUCCUMB TO WAVES

**Boat Shipped Water in White Caps When Donald Hayes Raised Anchor; Overturned When Allison Grant Jumped**

**Hayes and George Betzold Clung to Boat, Two Grant Boys Tried to Swim Ashore, Older Boy First To Go Down**

Gull lake took a toll of two lives on Friday evening between 5 and 6 o'clock. Allison Grant, familiarly known as "Pi", aged 20, and his brother, Raymond, age 15, sons of Mr. and Mrs. L. A. Grant, of 910 South Sixth street, were drowned at a point a quarter of a mile west of the "Cincoam Club" property.

Their companions, George Betzold, age 21, son of Philip Betzold, and Donald Hayes, age 18, son of J. M. Hayes, clung to the overturned boat and drifted ashore.

The water was terribly cold and Betzold, overcome by cold and cramp, nearly went under too. People on shore worked on him and revived him.

#### Donald Hayes' Story

According to the story of Donald Hayes, the fishing party consisted of the four boys named and they left Brainerd for Gull lake, intending to stay there until Sunday, when Clarence Grant, oldest boy of the Grants, was to call for them. Clarence drove out in his car with the party, leaving Brainerd about 2:15 p. m. He continued on to Merrifield and did not hear of the tragedy until he arrived home about p. m. Friday.

Hayes said the lake was rough and white caps were in evidence. They anchored out a quarter of a mile. Their anchor was a light affair, gallon pail of cement. It looked stormy and after fishing a while Hayes raised the anchor.

The wooden boat shipped some water, the nose going under a wave. The boat was about half full of water and Hayes called to Betzold to row up a little so he could get the anchor loose.

"Pi", said Hayes, got excited and leaped from the end of the boat, intending to swim ashore. He yelled to his brother Raymond to jump and the latter leaped from the side of the boat and it tipped. Both the Grant boys are expert swimmers and expected to swim to shore.

Betzold is little or no swimmer and he clung to the overturned boat. Hayes tore off his heavy wool sweater, overalls and shirt and set out after Raymond. They saw Raymond striking out well for shore and when from a block and a half to two blocks from shore they saw him throw up his hands and go down. If he could have lasted ten minutes longer, said Hayes, he would have made shore. Hayes swam after him to aid him, but could make no headway in the rough waves and turned back to the boat.

When Raymond went down, said Hayes, he appeared standing up, and he thought the water there was not over six feet deep.

As to Allison, they saw him leap from the boat into the water and then disappear.

Hayes and Betzold clung to the boat and drifted ashore. People on shore set out with a boat and then turned back.

As near as Hayes can estimate, Raymond drowned from a block and a half to two blocks from shore and Allison about 100 feet further out.

Raymond made a brave fight, at one time they saw him doubled up in the water, apparently trying to take off his shoes and clothes.

A Mr. and Mrs. Ward, Minneapolis people, gave the two boys washed ashore assistance. Betzold got a cramp in the water and people worked over him and revived him. A man staying at Ward's brought the two boys back, said Hayes.

#### Mrs. Betzold's Story

The story told by Mrs. Philip Betzold, mother of George Betzold, as she had heard it, was substantially the same. A squall of wind raised high white caps and the boat swamped. Her son and Hayes saw Raymond throw up his hand when two blocks from shore and then go down. People

ple on shore worked half an hour to revive the Betzold boy.

Sisters and mother of Betzold said he could not swim.

#### Was in Army

Allison Grant, or "Pi" as all his friends knew him, had seen army service in the 79th Field Artillery at Camp Meade, Md. He was an honorary member of the World War Veterans.

"Pi" was a boxer of some reputation and his last public appearance was at the Elks social session on May 18 when he gave a fine exhibition in a setto with a Little Falls' boy.

At the time George Walsh, of Walsh & Anderson, said "Pi" was one of the best boxers in Brainerd and a comer.

Allison and Raymond were born and raised in Brainerd and attended school here.

At their home the family is prostrate. Both Mr. and Mrs. Grant almost collapsed when the sad news was brought to them and they are now praying that the bodies may soon be recovered.

#### Searching for Bodies

A large searching party was soon at the lake and worked late at night. Another party set out early Saturday morning. Work was retarded because the lake is very rough.

When the call for help first came to Brainerd, it was thought the accident had occurred at Boom lake and Dr. G. I. Badeaux and an attendant from D. E. Whitney rushed down with the Whitney pulmotor.

**Bodies Found at 2 P. M.**  
The bodies were found at 2 p. m. in a novel manner. Herbert Anderson of Rocky Point stood on his launch and searched the water bottom. The water was clear and he eventually distinguished them. Using a spear with line, he threw his spear and quickly brought the bodies to the surface.

(By United Press.)  
Washington, June 3.—With the Gorgas steam plant eliminated, the Henry Ford offer for the Muscle Shoals nitrate project was favorably reported to the house by the house military affairs committee today.

Ford has definitely stated he will not purchase the project without the Gorgas plant.

#### AMUNDSEN STARTS ON SEVEN YEAR TRIP ACROSS ARCTIC REGION

(By United Press.)  
Seattle, Wash., June 3.—Roald Amundsen, noted explorer, today started on his seven year journey across the "frozen continent of the polar land."

Crowds lined the waterfront as the little Arctic vessel Maud cast off her moorings and headed down Puget Sound, bound for Nome, the only stopping place between Seattle and the Arctic.

### MAKE PUNISHMENT OF CRIMINALS SWIFT AND SURE SAYS GOV.

**TO THE NEWLY CREATED MINNESOTA CRIME COMMISSION UPON ORGANIZING**

(By United Press.)  
St. Paul, June 3.—The purpose of the Minnesota crime commission is to make punishment of criminals swift and certain, Governor Preus told the members of the newly created body today.

"Good roads and high-powered cars have made the escape of criminals far more easy than was formerly the case," said the governor instructing the commission.

"Our people will only be safe when criminals find out that in this state when a crime is committed the culprit will be apprehended with absolute certainty, and then quickly tried. Only in extreme cases, as at the present time, should clemency be sought."

The governor said that while members of the commission may not agree with him, he is convinced there should be a central bureau of identification in the state with a state police system. He said such a system would be an aid to county sheriffs and police departments and would not interfere with their duties in any way. He asked the commission to investigate the situation.

### LONDON-PARIS AIR-PLANE NOSE - DIVES IN SEA; 3 DROWNED

(By United Press.)  
London, June 3.—Three persons were killed when a French airplane flying from London to Paris nose-dived 2,000 feet into the English channel off Folkestone today. The dead are Pilot Morin, Gordon Ley and another French passenger.

### ILLINOIS IS VICTOR IN OUTDOOR TRACK AND FIELD GAMES

(By United Press.)  
Iowa City, Iowa, June 3.—Illinois was the conceded victor in the big ten annual outdoor track and field games here today.

The fight for second place between Wisconsin and Minnesota was keen. In the preliminaries, Milton Angier, of Illinois, hurled the javelin 195 feet 4 3/4 inches, a new conference record.

### Traverse City Head Stands Pat Against Women Wearing Knickers

(By United Press.)  
Traverse City, Mich., June 3.—Mayor L. Swanton stood by his orders that women must not appear on the streets of Traverse City dressed in knickers. The women organized a parade which they planned to pull off Sunday through the down-town streets. All participants were to wear knickers. The business men of the city lined up against the mayor fearing the result of the order on tourist business.

### ATTORNEY, WITNESS CLASH AT STEEL MERGER HEARING

(By United Press.)  
New York, June 3.—A clash between Samuel Untermyer and Mortimer Schiff, in which threats figured, featured the Lockwood legislative committee investigation of the steel merger today.

Schiff, a member of the banking firm of Kuhn Loeb & Company, which is financing the steel merger, was a witness. Untermyer, in questioning him, inferred the market had been manipulated in connection with the merger. Schiff admitted a \$20,000,000 fund was in existence to buy up stock of steel companies affected, and thus maintain its price on the market. He resented further questions along this line, and asked that Lockwood restrain Untermyer.

### BUSINESS MAN SHOT TO DEATH BY GIRL IN KANSAS CITY HOTEL

**GIRL HAS BULLET WOUND IN SIDE; REGISTERED AS WIFE OF VICTIM**

(By United Press.)  
Kansas City, Mo., June 3.—Frank Anderson, superintendent of the Jones Department store here, was found shot to death in a room at a local hotel here today.

Beside his body lay Miss Marie S. Bedle, said by police to be a nurse at the Bethany hospital of Springfield, Ill., a bullet wound in her side and her soaked undergarments afire. The girl was registered at the hotel as Anderson's wife, police said.

Police declared the nurse, a pretty young woman, admitted she shot Anderson. "Don't ask me why I did it." Police said the woman gasped this when hotel men crawled through the transom and found the couple. Then she fainted.

**Was From Dayton, Ohio**  
Springfield, Ill., June 3.—Marie A. Beale, nurse, left Springfield for Kansas City a week ago. She had been working in the open air colonies here where she was employed five months. Previous to that time she lived in Dayton, Ohio.

### NINE YEAR OLD BOY STABS PLAYMATE IN THROAT WITH KNIFE

**JUGULAR VEIN IS SEVERED AND VICTIM DIES IN A FEW MINUTES**

(By United Press.)  
Portland, Ind., June 3.—Nine-year-old Robert Silvers, slayer of his little playmate Bernie Teeters, "didn't go to do it," he told the United Press today.

"He wanted to hold the string of my kite, and I told him to make one for himself," said the pale puny boy, looking very much unlike a murderer as he sat on the edge of a huge chair in the jailor's office.

"Bernie didn't go away, and while I wasn't looking, sneaked around and grabbed the string."

That was all Robert would tell of the story, but other children who had witnessed the killing described how Robert had grabbed his mother's paring knife with which he had just fixed his kite and jabbed it into his playmate's throat.

Bernie was taken to the county hospital where he died within a few minutes, his jugular vein being severed.

Robert is confined in the county jail with a charge of murder in the first degree placed against him. After a night in jail Robert was a very scared, terrified boy. "Say, mister, you don't think they will hang a little feller like me, do you, anyway when I didn't go to do it?"

### POLICE SEEK RADIO STATION OF RUM RUNNERS AT N. Y.

(By United Press.)  
New York, June 3.—A bootleggers' wireless station here which keeps in touch with rum ships and gives them orders is being sought by revenue agents.

Existence of such a wireless station was discovered in a raid on the ocean going tug Riple which was seized on the Brooklyn waterfront early today, after a pistol battle in which thirty shots were fired. Agents found the Riple had been lying off New York harbor three days in constant communication by radio with the bootleggers' headquarters. It was ordered to enter the bay during the night, and a flotilla of 20 motor boats went boldly to meet it to remove its cargo which had been shipped from the Bahamas.

### ULSTER HAS HEROINE WHO HELPED BEAT OFF SINN FEIN ATTACK

(By United Press.)  
London, June 3.—Ulster has a heroine today in the wife of Admiral Laverton who helped police beat off a Sinn Fein attack on Ballynamena castle.

Mrs. Laverton took the police aboard her yacht and used a rifle with the best of them. Many casualties were reported.

Her services were deemed so valuable the Ulster government took over the yacht and now calls it H. M. S. Pandora.

### Discuss Discrimination Against the Jews

Cambridge, Mass., June 3.—President Lawrence Lowell, of Harvard, today called on B. Loring, young speaker of the lower house of the legislature. They discussed an order introduced in the house yesterday calling for the appointment of a special commission to investigate "alleged discrimination against Jews at Harvard."

### THE C. & N. W. RAILWAY ASKS AUTHORITY TO SELL CERTIFICATES

Washington, June 3.—The Chicago & Northwestern railway applied to the I. C. C. today for authority to issue \$5,250,000 fifteen year 5 1/2% equipment trust certificates to be sold to the highest bidder for purchase of additional freight and coal cars.

### COAL SHOTAGE WILL CURTAIL INDUSTRY WITHIN 3 WEEKS

(By United Press.)  
Washington, June 3.—Industrial activity of the nation will be curbed within three weeks because of shortage of coal, according to government experts working on estimates of supply and demand. They predicted that within 20 days some plants will be forced to discontinue operations.

The national coal bin now contains 32,000,000 tons. The stock is reduced to that figure from 61,000,000 tons since the strike of 500,000 union miners eight weeks ago.

### ALL BALLOONS ARE ACCOUNTED FOR EXCEPT 1 NAVY BAG

(By United Press.)  
Milwaukee, June 3.—Of the 13 balloons that started in the national balloon race from here Wednesday, 12 were accounted for today with only one, a navy bag, piloted by Lieutenant W. F. Reed, of Pensacola, Fla., unaccounted for.

Major Oscar Westover, in an army bag, according to word received by the Aero club of Wisconsin early today, landed on Thursday in a woods near Metabetchouan Lake, St. John, Canada.

According to figures compiled at the club headquarters, Major Westover covered 911 miles, which is 270 miles short of the world's record.

H. E. Honeywell, civilian pilot, landed near Joplin, Mo., making 550 miles and certain of being one of the United States entrants to the international balloon race to be held in Switzerland.

Club officials intimated today that Lieutenant Reed might have landed in some obscure place or may have met with an accident. No word has been heard from him since the start, rising rapidly above the clouds and passing out of view.

### 'BIG FOUR'S' STAND ON WAGE CUTS WAITED

Cincinnati, June 3.—Whether the four transportation brotherhoods would attend the conference and join the 12 other railroad organizations in action on wage reductions was the question uppermost in the minds of railroad men today, following announcement such a conference would take place here Tuesday.

The railroad labor board has announced its series of wages decisions to be concluded before July 1, will not include the transportation brotherhoods, and it was pointed out that until they are given a decision they will not have ground for complaint.

E. H. Fitzgerald, grand president of the Brotherhood of Railway Clerks, denied he had anything more to do with the calling of the conference than to consult his associates and agree to be present.

It was stated the initiative had been taken by B. M. Jewell, president of the railway department of the American Federation of Labor, who acted upon the assumption the heads of all organizations affiliated with the federation would be in Cincinnati for the annual convention, and it would be convenient for them to get together.

Although the meeting was called for railroad labor leaders only, Mr. Fitzgerald expressed the belief that before the conference comes to a close, all union heads throughout the nation may be sitting in its sessions.

### PASSENGER TRAIN IS WRECKED; 19 PERSONS ARE HURT

(By United Press.)  
Marshalltown, Iowa, June 3.—A thorough investigation was ordered by the Northwestern railroad officials today into the wrecking of train No. 6 here last night.

Railroad officials believed a deliberate attempt was made to derail the train, as nuts had been removed from the bolts in the rails. Nineteen persons were injured, two seriously. All cars derailed remained standing upright.

### FREESTONE COUNTY, TEXAS, FEARED NEGRO UPRISING

**ARMY OF 1,500 WHITES WERE MOBILIZED TO QUELL UPRISING THAT DID NOT HAPPEN**

**COUNTY WAS SCENE OF QUADRU- PLE LYNCHING OF NEGROES RECENTLY**

(Copyright 1922 by United Press.)  
Teague, Texas, June 3.—Freestone county, scene of recent quadruple lynchings of negroes, was quiet today after a wild night of rumored race war and mobilizing of hundreds of whites who determined to repel a negro uprising that was found not to exist.

State rangers patrolled the streets here, and it was believed danger of trouble had passed. Scores of armed white men still crowded over the lowland around Kirvin and Simmsboro.

Reports of serious trouble started late yesterday when officers who had taken Leroy Gibson, 19-year-old negro, in custody, were ambushed near Simmsboro by three negroes, and two of the negroes were killed in a gun battle.

Immediately following the killing, a wave of rumors swept the surrounding counties and the roads were crowded with white men, heavily armed, in automobiles.

The white "armies" were estimated at 1,500. Hardware stores in surrounding towns were besieged yesterday with white men arming themselves. In some places the county highway experienced traffic jams, hundreds of cars blocking. The trouble started when Deputy Sheriff John T. King and Walter Yearly, a citizen, went to arrest Gibson. Sheriff King declared Gibson was wanted in connection with a threat to kill another negro, and not in connection with the murder of Eula Ausley, for which four negroes were recently lynched, as stated in first reports. Gibson was arrested and the party started back to Kirvin, about five miles from Simmsboro.

As they passed the house, rifle shots hummed over the officers' heads, Yearly said. The officers dropped to the ground. Two negroes immediately broke from the house, and the officers shot and killed them as they ran.

A white man who had seen the officers taking Gibson along the road discovered the bodies of the two dead negroes lying in the field, and not seeing the officers, he spread the alarm that they had been either killed or captured by negroes. This rumor spread like wildfire, and three counties were up in arms within a few hours.

### FOUND GUILTY OF POISONING HUSBAND

Shelbyville, Ind., June 3.—A jury today found Mrs. Clara Gibson Carl, alleged feminine bluebeard, guilty of second degree murder in connection with the death of her husband by arsenic poisoning.

Mrs. Carl was alleged to have poisoned two husbands and a father-in-law in order to benefit by their insurance.

The verdict carried the penalty of life imprisonment. The woman collapsed and was carried to her cell when the verdict came in.

### EX-EMPRESS WILL DEVOTE LIFE TO PUTTING SON ON THRONE

Vienna, June 3.—Former Empress Zita will devote her life to restoring her son Otto to the Hungarian throne, she declared in a letter to Admiral Horthy, regent of Hungary. She served notice that she considers herself the queen and will guard the rights of her dead husband until such time as Otto is able to take the throne. This bears out the report that it was Zita's ambition that caused the late Emperor Karl to make the attempt to fight his way back to power. Zita is surrounded by German monarchs eager to support her.

My first love affair happened when I was twelve and was attending my first evening party. A boy of my own age present asked me at the close of the party if he might see me home. I consented. On the way we had to pass a lumber yard, rather a lonely place. When we arrived there he stopped and said he guessed he would not go any farther as he was afraid to return alone. So he left me. There was some running both ways, but we reached our own homes in safety. That was the end of my first love affair.—Chicago Journal.

## The Phrase "All Aboard."

The origin of the phrase "Going on board" can be traced back to the Icelandic, and it was probably introduced into Anglo-Saxon by Vikings. In the original tongue board was understood to mean the side of a ship.

## School Days are Over

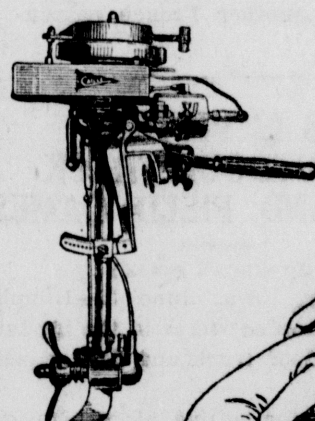

BOYS AND GIRLS: The time is here when you can earn money. And there are forty ways of earning it—doing farm work, canning vegetables, raising chickens, keeping the car greased and shined up. Figure how you will make money during the first week in July, when Brainerd celebrates her 50th Anniversary.

By the end of the summer you will have quite a savings account.

Whether you live on a farm or in town, you can use your savings later on to make still more money.

## PEOPLE ARE TO BLAME THEMSELVES

Said John F. Kramer, First Prohibition Commissioner in Address at Methodist Church

### SUNDAY SCHOOL FLAG AWARDED

Methodist Church School Scored 20 Votes and Clara Lutheran Church Next With 18

The address given by the Hon. John F. Kramer, first federal prohibition officer in the M. E. church, on "The Law, the Officer and the People", was a straight from the shoulder talk which placed the responsibility of law enforcement squarely upon the shoulders of the people.

Rev. S. M. Kelly, president elect of the Brainerd Ministerial Association, presided and in introducing the speaker said: From my personal knowledge of three corners of the globe there is no nation which has so many helpful and progressive laws written upon the statute books, and it is to be seriously questioned if there is any nation where so many laws are ignored. Men have accused the church of failure because of the present day standards of morals and respect or law. The church is not to blame. The rank and file of the citizens in the community are to blame. Men cannot, in this or in any other community, shoot holes in the ten commandments and then hire someone to put a moral tone in the community and a moral backbone in the youth.

Mr. Kramer in his address pointed to the fact that the liquor interests, not of America alone but, of the world were training their guns to defeat American prohibition. The beer brewers of Germany, the wine makers of France, the whisky distillers of Great Britain and Ireland were all interested in defeating the successful enforcement of the 18th amendment and the Volstead Act. The election of this fall and the one two years from now will tell the tale. The supporters of law and order are very much encouraged over the recent primary results in Pennsylvania.

Every congressman from that state known to be dry, was opposed at the primaries by a man who made the issue on the 'Beer and Light Wines' platform. Every dry man polled from two-thirds to three-fourths of the vote cast. And Clifford Pinchot, himself a director of the National Anti-Saloon League, won hands down in the race for nomination for governor, and that over the machine candidate.

Bringing the issue down to a local matter the speaker said: If you want the law enforced in Brainerd and in Minnesota it is not enough to criticize the officers of the law during their term of office and then go out and re-elect them in the fall, which is just what a lot of people do. 95% of the people in any community, except in the larger cities, are law-abiding folk but they seem utterly helpless in the face of the organized, brazen impudence of the other five per cent.

Mr. Kramer closed his address with an appeal to the people to support the forces that were standing in the breach and fighting for respect of constituted authority and enforcement of law.

There was a contest for the flag awarded and the Methodist Sunday school captured the trophy. They score 20 votes, Clara Lutheran church 18 votes, the Presbyterian church 2 votes and Bethlehem Lutheran church 1 vote.

### Swedish Comedy Company Coming

Did you hear Olle i Skratthult and his popular company the last time they were here? They will now come back at the request of many on a return engagement with an entirely new program. This company of 9 people, all stars, now back from their successful tour, where they played to packed houses and turned away business in the greater cities every night for eight months, will be very pleasing in their new and better program. The newspapers in the places where they have appeared have given great praise in their comments on their performances. In Seattle they played to over 1300 people, in Spokane to 1000, and in Portland the company had to turn away more than 300 people unable to gain admission. Everywhere the great throngs of people have been kept in continuous roars of laughter, and have by their applause testified to their enjoyment of the play. The play will be given at the Gardner Auditorium, Brainerd, on Wednesday, June 7th, at 8 p. m. Tickets will be sold at Skauge's drug store.

Exceptionally good music by accordion artists and a pianist.

The play is given in the Swedish language. This will be your last opportunity to hear and see these famous comedians.

and sermon by the pastor. Subject: "The Greatest Thing in the World." An urgent plea is made for the evening service which lasts but one hour, for all interested to be loyal to this part of the day's worship. Many strangers and visitors are constantly in attendance and we should be there to greet them.

The Bible school meets at 9:15 with classes for all and a special invitation is extended to pay a visit. A splendid corps of teachers and officers are in charge.

The B. Y. P. U. is an enthusiastically body of workers intent on making their 6:45 meeting on Sunday evening of the very liveliest character. It will do any one good and make you feel young again to be present for a session.

## WARD'S SLAYING OF CLARENCE PETERS BEING INVESTIGATED

(By United Press.)  
White Plains, N. Y., June 3.—Walter S. Ward's story of the killing of Clarence Peters, ex-sailor, on a lonely road near Kensico reservoir on the night of May 16, stands today flawlessly in the eyes of the law.

The story he told to Westchester county officials four days after the body of the penniless youth was found, had not yet been investigated although several clues have been offered purporting to show that Ward's fight with the blackmailers was a carefully prepared one, and that the shooting took place in Ward's home at New Rochelle instead of the lonely road. Clues have also been obtained to prove Ward shot and seriously wounded another man at the time he killed Peters. The latest chapter in the great mystery—the

## CAUSE and EFFECT

Chiropractic goes several links farther back in the chain of cause and effect. While the germ theory stops at the susceptibility of the patient, the chiropractor says that the susceptibility is a result of a lack of vital power or mental impulses, due to pressure on a nerve caused by a misaligned vertebra; and that when the vertebra is adjusted, the normal powers will again flow over the nerve, the effected will again become normal and the disease germs and every other incidental effect will disappear.

## A GERMAN WATCH FOR \$1.33

WATCHES made in Germany are being distributed among members of Congress as an argument for the American valuation plan in connection with the pending tariff bill. Mrs. Harding, the President's wife, was also presented with one of the watches.

The watch given Mrs. Harding, apparently a very valuable one, cost \$1.33 after all duty had been paid. The low cost was because it was manufactured by labor paid in cheap German money, and was imported into this country and valued for tariff duties on the basis of depreciated German currency. The German mark under normal conditions, as in pre-war days, was worth about 24 cents, but today it is worth only between one-third and one-half of a cent in our money; and it is upon the basis of such depreciated currency that German imports are now valued for tariff duties. Under the American valuation plan the duty would be based upon the actual value of the imported article in this country.

## THE TONNAGE TAX APPEAL

AN EFFORT will be made by Attorney General Hilton to get the tonnage tax appeal taken up early on the October calendar of the United States Supreme Court. The collection of the 1921 tax under the new law is stayed by the appeal proceedings, and a delay of at least a year is expected. However, this delay was anticipated by the Legislature and by state officials, and in making up budget estimates for this year and next the tonnage tax revenue was not counted on. Normally, the tax is expected to bring \$3,000,000 to \$3,500,000 a year, but owing to the light operation of the mines last year the 1921 tax is expected to yield only about \$2,000,000.

Appeal has been made by the mining companies from the decision of Judge Tillman D. Johnson in the United States District Court, upholding the Minnesota occupational tax law.

## DRIVE ON BARBERRY BUSH

AN ACTIVE campaign of war on black stem rust, one of the most virulent foes of the nation's wheat crop, was inaugurated in Minnesota on Thursday, with 200 state weed inspectors heading a drive for the eradication of the common barberry bush, the black rust breeder. The drive will continue until June 1.

The damage done by black rust last year caused a loss in grain estimated at more than \$10,000,000. A complete survey of the western half of Minnesota, and a partial survey of the eastern part, has been made by Federal and agricultural department representatives, and approximately 750,000 barberry bushes have been located. The state weed inspectors in every county are now giving orders for their eradication to farmers on whose land they have been found. This action is taken under a new state law.

## NORTHWESTERN FARMERS OPTIMISTIC

THE FARMERS generally appear to be optimistic over the present crop outlook throughout the Northwest. It is said the wheat and other crops are making good headway with sufficient moisture in the soil and splendid growing conditions.

The grain crops in the Northwestern states usually have a good appearance at this season of the year, but the critical period generally comes during the months of June and July. The general reports from the country are so far optimistic. In a few places rain would be beneficial; in others there has been too much moisture. The season is a little late, but the ground was in unusually good condition at the start, and the weather since has been favorable.

## HON. TOM MARSHALL'S PLAIN TALK

AT A luncheon given in London recently by the English Speaking Union, Thos. R. Marshall, former Vice President of the United States, was the principal guest, and told his hearers some plain truths in the course of his address. He declared there could be no real understanding between the two great English speaking nations while "fat, smug American profiteers, pretending to represent the United States, come to London to cut a swath on Piccadilly row, and while cynical, self-sufficient English visitors come to America to criticize the provincial characteristics of the American people." Mr. Marshall defended the refusal of the United States to take part in the Genoa conference.

## ALL LIBERTY BONDS AT PAR

ON THE last day of May, for the first time since the date of issue, all Liberty Bonds sold at par or better. In New York heavy trading in Liberty Bonds at highest prices, and transactions embracing several lots of \$1,000,000, were the outstanding features of the bond market. Predictions of Treasury officials made early in the year that all of Uncle Sam's war flotations soon would reach par or better have thus been fulfilled.

## ROTARIANS AT LOS ANGELES, CALIF.

Los Angeles, Calif., June 3.—Whether or not there will be national associations of Rotary Clubs in the countries of Europe and in South America, Asia, Africa and Australia is the big question to be decided here this week at the thirteenth annual convention of the International Association of Rotary Clubs which convenes June 5. With the extension of the Rotary idea to twenty-two countries and the growth of almost one hundred clubs in the British Isles alone, there has arisen a question as to change in the present form of government which will provide for more autonomy in national areas.

A new constitution and set of by laws, upon which a committee made up of delegates from each of the Rotary districts in the United States, Canada, Europe and Latin America, worked for months, will be presented for consideration on the first day of the convention by Samuel Botsford of Buffalo, N. Y., past international vice president and chairman of the constitution and by laws committee. Chairman Botsford has just returned from England where he presented the draft of the new document to the clubs of the British Isles at a conference held in Brighton. The British clubs are reported to favor the adoption of the new constitution and are sending a delegation of more than sixty members to the convention here to represent them.

The new constitution and by laws provides for a change in the number of directors and gives the national associations that are also provided for representation on the board. The national association that is provided by the proposed constitution will take care of certain of the administrative work of Rotary that is now looked after by the international board of directors and will function in an advisory capacity to the board of directors and the international headquarters.

Ten thousand Rotarians have gathered in Los Angeles and Pasadena for the convention—every hotel being crowded. The attendance is one of the greatest of any Rotary convention. The attendance of delegates from countries outside the United States and Canada is the largest that has ever been registered at a Rotary Convention. Delegates have come from every section of the world, Australia, Canada, Newfoundland, Cuba, Uruguay, France, England, Scotland, Ireland, China, Japan, the Philippine and Hawaiian Islands are all represented here.

Dr. Crawford C. McCullough of Fort William, Canada, international president of Rotary, will preside at all the meetings. William Stephens, president of the Los Angeles Rotary Club, will welcome the visitors to the city in the name of the state of California and William McConnell, of Dublin, Ireland, governor of the Rotary district which comprises the British Isles will reply for International Rotary.

The program of entertainment that has been mapped out for the convention has been prepared with special reference to California fiestas and the motion picture industry. The motion picture producers, recognizing the representative character of

the Rotary organization, have practically taken over a day of the entertainment. Doug. Fairbanks and Mary Pickford will be the particular hosts of the Rotarians at the Fairbanks studios and Pauline Frederick will be hostess at another of the big plants. In the afternoon there will be a special production in which these stars and a number of others will take part.

## HENRY SARA TO SPEAK HERE JUNE 3RD ON THE SITUATION IN RUSSIA

Henry Sara of England will lecture on Russia and her relation to world reconstruction at Gregory Park Saturday evening, June 3rd, under the auspices of the local branch of the Friends of Soviet Russia.

"Mr. Sara traveled extensively in Russia throughout the famine region last summer and has also been in close touch with the Russian trade delegation in England," the committee in charge declares. "He is thoroughly familiar, not only with conditions in Russia, but also with the international ramifications of the Russian problem. He knows as well as any man outside Russia what demands the Russian government will make upon the allied powers at the approaching Hague conference and he also knows what concessions they are willing to make."

"He will make plain why it is that the prosperity of the rest of the world including America, depends upon the industrial reconstruction of Russia."

"Mr. Sara is one of the finest and most effective speakers England has produced in recent years. He has repeatedly toured England and Scotland as a lecturer and has also lectured extensively in London on Economics and Industrial History."

"He combines the most careful presentation of facts with the eloquent and forceful delivery that places him among the front ranks of lecturers."

"At Mr. Sara's first lecture in this country in Brooklyn, N. Y., the audience arose spontaneously to give him a rising vote of thanks. In Duluth he spoke to a large audience in Shrine Auditorium who gave him an enthusiastic reception."

"The lecture will be illustrated with beautiful colored stereopticon pictures."—Advt. 11

### Stop Hiccoughs.

"There is, I believe, only one specific for hiccough," says an eminent physician, "and that is a small dose of vinegar, sweetened with as much sugar as it will absorb. I have used this remedy when the annoyance has passed almost into the dangerous stage, and never knew a case which one dose would not relieve and two cure."

### Why "French" High Heels

It is said that Louis XVI appeared in court wearing high wooden heels on his shoes. He was not a tall man, and adopted this expedient to make himself regally impressive. The term French heel was applied to high heels and finally to a certain type of high heel.

## COMMITTEES MET FRIDAY EVENING

Glowing Reports Made by All Committee Chairmen of 50th Anniversary Celebration

### FINANCES ARE SATISFACTORY

Chairman F. H. Gruenhagen Says Question of Finances Has Been Satisfactorily Solved

Executive committee and subsidiary committees of the 50th anniversary Celebration met at the Chamber of Commerce Friday evening and glowing reports were given by all committee men. It just seemed as though each committee was vying with the other in making the big celebration a grand success.

The railway committee made an extended report. The finance committee, F. H. Gruenhagen chairman, gave a very satisfactory report and said there was no question now about sufficient funds.

Henry I. Cohen asked that names of all former residents and their addresses be telephoned to him. As chairman of Old Settlers Day he is endeavoring to marshal in Brainerd a regular town full of former residents.

S. R. Adair was named general chairman. John A. Hoffbauer was named to cover newspaper publicity and a sum appropriated for outside newspaper advertisements. Ingolf Dillan was engaged two weeks to assist in clerical work with his headquarters at the Chamber of Commerce.

Carl Wright of the parade committee is assured of 21 floats and more are to follow. The floats now being designed include an Indian scene; Revolutionary war scene; Coming of the first explorers; Coming of the trappers; Coming of the lumbermen; State seal; Prairie schooner; Coming of the railroad; First building in

## ELKS ANNUAL PICNIC JUNE 25

Committee on Elks Picnic Decides Upon the Date, Picnic in Conjunction with Flag Day

### GROUND TO BE NEAR CROSBY

Ball Game Between Brainerd and Range Elks to be a Feature of the Day's Amusements

At the June meeting of Brainerd lodge of Elks, the special picnic committee reported in favor of Sunday, June 25, as the picnic date and it was also decided to hold the Flag Day exercises at the same time.

The location of the picnic is to be near Crosby. One of the features of the day will be an exciting game of baseball played between Brainerd Elks and the Range brothers.

A program of sports is being arranged for and other things so as to make the Elks' picnic a memorable one.

Brainerd; Incorporation of the village; First fire department; First industries, Village smithy; Horse drawn fire department; First automobile; The Northwest Paper Co.; Brotherhood of Railway Employees; Ex-service men of world war; Modern fire department; Modern automobile; Comedy sections.

All floats are subject to the approval of the central committee. John Elkins is marshal of the day.

At the Friday evening, June 9 meeting, the budget for various celebration details will be agreed upon.

America's greatest oil burner going on market. New principle. Generator does not stuff up. Cooking and furnace burners now selling, \$18.50 and up. One big opportunity. Super Steam Oil Burner Co., 124 So. 8th St., Minneapolis, Minn.

## A Tribute to the Grand Army of the Republic

Time adds new luster to the glory of the Grand Army of the Republic—to those men who fought, bled, and died that the honor and integrity of the nation might be preserved.

Year by year this valiant army dwindles and Memorial Day takes on an added solemnity.

Let us make Decoration Day, May 30th, a day of national reconsecration to the principles for which that great army fought!

In respect to the day, this bank will not be open on Tuesday, May 30th.

SINGER SHOPS are local and readily available for your convenience as free schools of instruction in use of your machine, for supply of needles, oil, etc., and for expert hemstitching to order.

The owner of a SINGER is assured of a service impossible to catalog houses, department stores or electrical dealers.

## The SINGER Portable Electric No. 99K-1

Ask the Woman who owns one

It has oscillating sewing hook mechanism with the round bobbin, similar to that of the well-known "Singer 66". A trial of its knee-lever control will quickly convince you as to its great convenience. Only a slight pressure against the knee-lever is necessary to start the machine and as you increase the pressure the machine gains speed. Any speed is readily obtained—from the slowest up to 800 stitches a minute. Think what the high speed of this machine means when you have a lot of sewing to do and want to finish it quickly. It costs little to operate—four hours of continuous sewing for one cent.

## AMUSEMENTS

## Family Annoyances Amuse on Screen

Those little annoyances inevitable in the life of a good sized family make delightful comedy when viewed on the screen or the stage, and the more true to life they are, the funnier is their appeal. One of the best examples of how successful a picture can be that deals with family life as people know it is "Little Miss Smiles," starring Shirley Mason, playing at the Lyceum theatre Sunday. The trials of a little East Side girl in New York who tries to prevent her young brothers from fighting, who is trying to make her lovable but indolent father give up his precious pinocchio, and who is attempting to steer her older brother Dave safely past the age where he wants to be a world's champion prize fighter, are absorbingly told in this very pleasing Fox production.

There is a splendid love story woven into the fine plot.

Miss Mason is also appearing in "Queenie" at the Lyceum theatre tonight.

## Famous Stage Play at Lyceum

To the millions of theatre-goers who enjoyed that greatest comedy-drama hit of the speaking stage in John Golden's presentation of "Turn to the Right," by Winchell Smith and John E. Hazzard, and to the other millions who longed to see it, the news that this universally popular play has been transferred to the screen will prove a joyful notice.

This highlight of the stage characterized as "the play of mirth and morals," in its celluloid version is presented by John Golden and Marcus Loew and will be shown at the Lyceum theatre next Monday and Tuesday. It is a Rex Ingram production distributed by Metro Pictures, and the youthful director who won international fame for his wonderful screen portrayals of "The Four Horsemen of

A Scene from  
**TURN TO THE RIGHT**

the Apocalypse" and "The conquering Power" has added further laurels by this latest cinema offering.

"Turn to the Right" is the story of a small town youth who, unjustly sent to prison, pals up with two crooks. But having served his term he decides to go back to the little home, arriving in time to find that the hard-hearted village skin-flint is about to close out a mortgage on the homestead. With the aid of his two crook pals a way is found to beat out the old skinflint, and then the two crooks under the homey influence of the aged mother finds a new road to life and love.

All that delightful mixture of heart throbs and smiles which won such a wonderful tribute from the public in the stage play has been preserved and intensified in the screen version. In the leading feminine role is Alice Terry who won her way to fame in "The Four Horsemen."

At the Park

Elaine Hammerstein's latest Selznick picture, "The Way of a Maid," which is said to be a sprightly romance of intriguing charm.

"The Way of a Maid" deals with the complications arising out of the escapades of Nadia Castleton, orphan and heiress. Dressed in the fancy ball costume of a lady's maid, she is mis-

taken by a tipsy young millionaire for the real thing. Entangling situations in infinite variety present themselves one after another when Nadia, posing as her own maid, accepts the attentions of Tom Lawlor.

## Henry B. Walthall

"A Splendid Hazard" is one of the most finished as well as one of the most thrilling pictures ever screened. It is rich in atmosphere and contains rare settings which add greatly to the interest of the story.

The story covers two continents and two great sea trips. Beginning in France, the scene shifts to America, and after many thrilling adventures in this country, goes back across the water to the Island of Corsica, where the search is made for hidden treasure. At the New Park Sunday.

## Miriam Cooper in "Serenade"

Miriam Cooper, famous beauty and noted film artiste, plays the feminine lead in "Serenade," a romance of Old Spain, which will be the attraction at the New Park on Monday and Tuesday. It was produced by R. A. Walsh for Associated First National Pictures, Inc.

Miss Cooper, who is of French descent, was born in Baltimore, Md., and received her education there and in New York City, where she attended the New York Art School.

Her first appearance on the screen was with the Reliance-Majestic Company, where she won instant recognition for her histrionic ability.

ALLIES INVITED  
TO SUBMIT VIEWS  
OF DEBT REFUNDING

(By United Press.)  
Washington, June 3.—The United States government has requested the allied powers to submit in advance of their sending representatives to ob-

tain an outline of their proposals for the refunding of the allied debt, it was learned at the state department today. Secretary Hughes, it is said, says he has received no reply from any of the governments to date.

NAZIMOVA CALLED  
TO TESTIFY IN VAL-  
ENTINO BIGAMY CASE

(By United Press.)  
Los Angeles, Cal., June 3.—Alla Nazimova, celebrated Russian motion picture actress, was summoned today as a witness in the bigamy hearing of Rudolph Valentino, screen lover.

Testimony as to whether Valentino and Winifred Hudnut lived as man and wife in California after they were married in Mexico will be sought from Nazimova, who is declared to

have been present at the wedding celebration.

Valentino scored a point when Paul Ivan testified he knew Valentino slept on the porch of his honeymoon cottage at Palm Springs one night, and in the front room another night while his bride had the bedroom.

Before night the testimony is expected to be finished and then Justice Hanby decides whether to hold Valentino for trial on a charge of bigamy.

McCormick Withdraws  
Consent to Marriage  
Of His Daughter

Chicago, June 3.—Harold F. McCormick today temporarily withdrew his consent to the marriage of his daughter Mathilde to Max Oser, Swiss livery stable keeper.

McCormick, guardian of the girl,

withdrew his approval temporarily until he could investigate charges made by the girl's mother that Oser was a fortune hunter.

Withdrawing his consent for a certain definite period, resulted from a compromise by which Mrs. McCormick dropped her action in probate court in which she sought to have the court restrain the marriage.

Asked why Dakota Business College, Fargo, N. D., begins its school year in June when all others open in Fall, F. L. Watkins, Pres., said: "By planting the seed of business knowledge in June, our pupils' 'crop' is ready when there's the biggest market for it." He explained that most June pupils graduate in winter, the busiest season.

Even in "dull" months D. B. C. graduates are offered good places. Only recently Elizabeth Stajur was employed by the U. S. Veterans' Bureau. "Follow the Successful." Write F. L. Watkins, Pres., 806 Front St., Fargo, N. D.
